

Stay in the prime of health with **Apollo Health Check**

“Life is priceless”

Live Healthy, India

Prevention is not just better than cure. It is easier, cost-effective and smarter. Apollo Hospitals pioneered the concept of preventive health care in India in the early seventies, offering a range of health checks to suit everyone's needs.

The Apollo Preventive Health Check program helps you get started on your journey to good health. It gives you a quick snapshot of your health and recommends the best action for you to stay healthy.

PLEASE READ THE FOLLOWING INSTRUCTIONS CAREFULLY BEFORE YOUR HEALTH CHECK

- Apollo Health Check begins at 8.00 am. Kindly take prior appointments on 91-11-7179 1090/1091
- Appointments for packages that require you to be on empty stomach are given only up to 10.30 am, as fasting blood investigations done later in the day do not give an accurate outcome.
- Please come on an empty stomach, i.e. you need to be fasting **overnight**; however, you are advised to have 2-3 glasses of plain water before coming for your health check, to facilitate an ultrasound on full bladder.
- Kindly bring your morning **samples of urine and stool (if part of your package), in clean dry containers**. (Containers can be collected a day in advance from the Apollo Health Check Department or from any nearby chemist).
- In case you are on any **medication**, please bring them with you along with prescription and take them after breakfast (provided as part of the package). If you experience any discomfort, we shall have you meet our physician immediately.
- **If you are diabetic, do not take insulin** in the morning; the same can be taken along with breakfast, after fasting blood sample and ultrasound have been done.
- **If you are a smoker, please do not smoke** on the day of your health check.
- Ladies are advised **NOT** to undergo their health checks during **menstrual cycle**.
- Ladies undergoing Whole Body Check and Well Woman Check are advised **NOT to use deodorants, perfumes or talcum powders on the day of health check**.
- For Apollo Child Health Check, children need not be on empty stomach. Sample of stool and urine are to be brought in dry, clean containers.
- Please wear loose, **comfortable clothes and footwear**, as you may need to change into a hospital gown during some of the investigations.
- If desired, you may bring one attendant with you; the attendant should not be a child below 12 years of age.

- Please report at the Apollo Health Check (AHC) Centre at **Gate No. 2, First Floor "A" Wing** at the appointed time.
- If you are diabetic, or have high blood pressure, or are pregnant, or have any other clinical condition, please inform the AHC reception staff at the time of registration.
- If pregnant or suspecting pregnancy, you **SHOULD NOT** undergo X-Ray, mammography or bone densitometry.
- If pregnant / suspecting pregnancy please carry your gynaecologist's prescription for ultrasound with sign and stamp.
- **On Day One**, you will undergo all investigations and consultation with the physician; **your review** with the physician along with all reports and summary will be fixed for **Day Two**.
- **Avoid carrying your valuables along. Avoid wearing any kind of jewellery for your health check-up. Keep minimal belongings.**
- 30% discount is applicable on select additional tests, if prescribed by AHC Physician | Surgeon | Gynaecologist on Day 1/Day of Review.
- All prices are subject to change without prior notice
- * The rates mentioned are not applicable for international patients / guests.

- Creatinine- Serum/Plasma
- Glucose- Serum/Plasma (Fasting)
- Glucosylated Hemoglobin (HbA1c) –Whole Blood
- Hs Tnl- High Sensitive Troponin-I-Serum
- Lipid Profile Test (Package)
- Liver Function Test
- TSH: Thyroid Stimulating Hormone- Serum
- Urea- Serum/Plasma
- Uric Acid- Serum
- Blood Grouping and Typing (ABO and Rh)
- ECG
- TMT (Tread Mill Stress Test)
- Physical Examination/Consultation by Internal Medicine Specialist
- Consultation-Surgical
- Complete Haemogram (CBS/PS/RBC Indices)
- Stool Routine and Microscopy
- Urine Routine and Microscopy
- Spirometry (Basic PFT Test)
- Ultrasound Screening Whole Abdomen
- X-Ray Chest PA

VALUE ADD :-

- AI (Artificial Intelligence) Powered Health Risk Assessment (PHRA)
- Health Mentor Services
- Lifestyle Assessment & Counselling Including Diet and Exercise

SUB REGAL

Without Eye, ENT & Dental

Price: ₹14,700*

Recommended for individuals above 30 yrs of age or those with vague / unexplained / unconfirmed cardiac symptoms / risk factors

- Complete Haemogram
- Glycosylated Haemoglobin (HbA1c)
- Glucose - Plasma Random
- Lipid Profile (Cholesterol, Triglycerides, VLDL, HDL, LDL, Total Cholesterol/HDL Ratio)
- S. Creatinine
- Sodium, Potassium
- Urine Routine and Microscopy
- Serum Troponin
- TSH
- CRP-Reactive Protein
- ECG (Resting)
- X-Ray Chest (PA)
- Echo Cardiogram
- Cardiac Stress Analysis (TMT)
- Consult & Review with Physician
- Cardiac Consult
- Diet & Lifestyle Counselling

APOLLO PROHEALTH WHOLE BODY HEALTH PROGRAM

Price: ₹ 13,800*

Recommended for individuals desiring a more comprehensive health check and/or those above 45 yrs of age

- Complete Haemogram
- Fasting Blood Sugar
- Glycosylated Haemoglobin (HbA1c)
- Lipid Profile (Cholesterol, Triglycerides, VLDL, HDL, LDL, Total Cholesterol/HDL Ratio)
- Kidney Function Test (Blood Urea, S. Creatinine, S. Uric Acid)
- Liver Function Test (Protein total, Albumin, Globulin, SGOT, SGTP, GGTP, Alkaline Phosphatase, Bilirubin)
- Electrolytes (Sodium, Potassium, Chloride)
- HBsAg
- S.Calcium
- Phosphorous
- Thyroid Stimulating Hormone (TSH)
- Prostate Specific Antigen (PSA) for Men
- Urine Routine and Microscopy
- Stool Routine and Microscopy
- Stool for Occult Blood
- Serum Troponin
- ECG (Resting)
- X-Ray Chest (PA)
- Ultrasound Whole Abdomen (Screening only)
- Pulmonary Function Test (PFT/Spirometry)
- Echo Cardiogram
- Cardiac Stress Analysis (TMT)
- Mammogram & Ultrasound Breast for Women (Screening only)
- Eye, ENT & Dental Consult
- Surgical Consult for Men
- Gynaecology Consult and Review for Women (Pap Smear and Breast Examination)
- Consult & Review with Physician

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

The Chairman's Choice ABC - A healthy and refreshing drink

How to prepare

Step 1: Blend two beetroots

Step 2: Add one carrot, and blend it again

Step 3: Filter the beetroot-carrot juice

Step 4: Blend one apple separately, then filter

Step 5: Pour the beetroot-carrot juice into a glass first, then top it up with apple juice

Step 6: Relish the drink
