

Dr. Sangita Reddy

Joint Managing Director
Apollo Hospitals Enterprise Limited

A Global Healthcare Influencer, Healthcare Technocrat, Social Entrepreneur, and Humanitarian.

Dr. Sangita Reddy is the Joint Managing Director of Apollo Hospitals Enterprise Limited and member of its founding family. Her visionary leadership has driven the organization's strategic direction, operational excellence, and expansion into a globally recognized healthcare institution. A trailblazer in healthcare innovation, Dr. Reddy has championed the integration of advanced technologies to transform care delivery and enhance outcomes. Her commitment to accessibility, quality, and affordability has redefined healthcare landscapes not just in India, but worldwide.

Dr. Reddy's dedication to Apollo Hospitals' mission is reflected in her relentless efforts to enhance patient care, influence policy reforms, and shape futuristic healthcare ecosystems. She is widely regarded as a thought leader, with her contributions enabling better health outcomes for millions while driving innovation and sustainability at the forefront of the industry.

Driving Healthcare Technology & Innovation: Dr. Sangita Reddy has been instrumental in driving technological advancements at Apollo Hospitals, ensuring the institution remains at the forefront of healthcare innovation. Under her leadership, Apollo Hospitals has achieved significant milestones:

- **AI Partnership with Microsoft:** Apollo Hospitals collaborated with Microsoft to develop AI-driven healthcare co-pilots for clinicians, patients, and hospital operations, enhancing outcomes and efficiency.
- **AI-Based Rapid Response System:** Apollo introduced an automated AI system for real-time patient monitoring, enabling timely alerts and interventions to improve care.
- **Connected Care Services:** Apollo launched India's first Connected Care program, providing clinical teams a real-time, holistic view of patients to enhance care delivery.
- **Apollo TeleHealth:** She led the establishment of Apollo TeleHealth, delivering quality medical care remotely to over 20 million people, bridging geographical gaps.

- **Mobile Clinics with Samsung:** Apollo partnered with Samsung to launch mobile clinics for NCD screening, bringing affordable healthcare to underserved communities.

These initiatives are illustrative of Dr. Sangita Reddy's unwavering commitment to leveraging technology to enhance healthcare delivery and accessibility. Her focus now extends to building hospitals of the future—facilities that integrate cutting-edge technologies, AI-driven diagnostics, data-powered decision-making, and sustainable innovations to redefine the future of global healthcare.

Promoting Affordable and Sustainable Social Initiatives: Dr. Reddy has spearheaded several initiatives to make healthcare more inclusive, including the Apollo Reach program, which focuses on building secondary care hospitals in rural areas. She led the establishment of the world's first telemedicine centre at an altitude of 4,300 meters under Apollo TeleHealth.

She also oversees Apollo Knowledge, an initiative shaping the future of healthcare through education platforms such as Medvarsity, Apollo MedSkills, and medical colleges. Today, Apollo MedSkills is India's largest healthcare skilling institution, preparing the next generation of healthcare professionals.

Influencing Global Healthcare: Dr. Reddy's influence extends to shaping global healthcare policies. She is currently an active member of the World Economic Forum (WEF) and the Rockefeller Working Group, where she contributes to developing the private sector's role in healthcare globally. She is also the Vice President of NATHEALTH – Healthcare Federation of India. Additionally, the Government of India has appointed her as a Member of the Technology Development Board under the Department of Science and Technology.

Previously, Dr. Reddy has held notable positions, including serving as the Chair of G20 Empower, a pivotal initiative addressing critical challenges like gender inequality, economic disparities, and healthcare accessibility among G20 member nations. She was also the President of FICCI (2019–2020), where she drove significant healthcare policy reform. Furthermore, she served on the Steering Committee on Health for the Twelfth Five-Year Plan, advising the Planning Commission on healthcare reforms.

Driving Humanitarian Initiatives: As the head of Apollo Philanthropy, Dr. Reddy oversees impactful programs such as the Save a Child's Heart Initiative (SAHI), CURE, and the Billion Hearts Beating Foundation. She was instrumental in establishing the Total Health Foundation, which aims to improve overall well-being by addressing social determinants of health alongside providing access to quality care.

Her efforts in organ donation have brought together governments, NGOs, and civil society organizations to create an Organ Donation Bank, promoting a culture of life-saving contributions. In 2021, Dr. Reddy was invited to join the Terra Carta consultative group for HRH The Prince of Wales and contributed to the Sustainable Markets Initiative G7 CEOs meeting.

Directorships: Dr. Reddy is a director of 16 companies, spanning sectors such as healthcare, alternate energy, real estate, and software development. She also serves as the Honorary Consul of Brazil in Hyderabad, appointed by the Government of India.

Awards and Recognitions: Dr. Reddy has been conferred with an Honorary Doctorate by Macquarie University, Australia, in recognition of her unwavering commitment to driving transformative changes in healthcare and championing impactful initiatives both in India and globally. In addition to this prestigious honour, she has received numerous awards, including:

- CNN-News18 Indian of the Year 2024 for Business Excellence, recognizing her luminous leadership and ground-breaking vision in the healthcare sector.
- Women in Excellence Healthcare Award 2022 by FICCI's The Greater50 Initiative.
- Best Female Healthcare Leader 2019 by the Indian Medical Association.
- International Women Entrepreneur Award 2019 by the IWEC Foundation.
- Healthcare Transformation Leader's Award at India's biggest event on innovation in healthcare, 'Healthcare in today's Digital India.'
- Women Power & Entrepreneurship Award 2007 by the FICCI Ladies Organization, Hyderabad Chapter.
- Top Woman Entrepreneur in ICT Sector 2005-06 by the Government of Andhra Pradesh.
- Young Manager of the Year Award 1998 by the Hyderabad Management Association.

Educational Qualifications: Dr. Reddy graduated in Science from the Women's Christian College in Chennai and pursued post-graduate studies in Hospital Administration at Rutgers University, Harvard University, and the National University of Singapore.
